## Professional Profile

---

Analytical and impact-driven **Power BI Senior Data Analyst** with **4 years** of experience designing and delivering business intelligence solutions for enterprise clients in manufacturing, finance, and technology sectors. Expert in data modeling, real-time reporting, and automation using **Power BI, SQL, PowerApps, and Power Automate**. Known for reducing data latency, enhancing dashboard usability, and optimizing SQL performance. Adept at gathering business requirements, driving cross-functional collaboration, and delivering insights that support executive decision-making.

## Work History

---

### Power BI Senior Data Analyst

Accenture Solutions Private Limited, Bangalore, India | July 2024 – November 2024

- Led the development of enterprise-wide BI dashboards and KPI scorecards, enabling executives to access real-time insights across departments.
- Designed and deployed custom **PowerApps and Power Automate** workflows, reducing report data refresh latency by **66.6%**.
- Facilitated business requirements gathering with **stakeholders**, resulting in solution adoption rates increasing by over **20%**.
- Delivered optimised BI solutions that contributed to a **15%** improvement in **client retention** and satisfaction scores.

### Power BI Data Analyst

Accenture Solutions Private Limited, Bangalore, India | July 2022 – June 2024

- Built scalable and user-centric dashboards for clients in retail and logistics, improving operational transparency and reducing reporting turnaround by **40%**.
- Extracted and integrated data from **PostgreSQL, SharePoint, and REST APIs** to build robust **Power BI** data models.
- **Optimised SQL queries** and created views that improved query performance by **25%**.

- Achieved **99.9%** data accuracy through systematic **validation and unit testing** procedures.
- Awarded **Star of the Month** for owning **high-visibility reports, optimising SQL workflows**, and developing **custom visuals** using D3.js and Charticulator—resulting in data refresh time reduced from **30 to 10 minutes**.

### Power BI Associate Data Analyst

Accenture Solutions Private Limited, Bangalore, India | November 2020 – June 2022

- Designed and developed data models, dashboards and interactive reports as business intelligence solutions using **Power BI**.
- **Extracted, transformed, and loaded data** from diverse sources into **Power BI** for comprehensive analysis.
- Enhanced the performance of **Power BI** reports and dashboards through **optimisation** techniques such as data compression and **SQL** query optimisation.
- Contributed to the development of **reusable data models and report templates**, improving development time for future projects by **30%**.
